

## COVID-19 UPDATE: JUNE-2021

Asian Christian High School has been diligently and meticulously following all the protocols to be adhered to as part of the fight against COVID-19 since its eruption in the state in March 2020. All the govt. guidelines and standard operating procedures have been judiciously implemented at the school on online classes, physical classes, office functioning, parental interaction, awareness programmes, psychological counselling, impact assessment etc.

Standardised plans and measures have been incorporated into mitigation mechanism to minimise the effect of COVID-19-induced fear and anxiety among staff and students. Online classes are conducted for all classes from KG to grade 12 using multiple platforms and tools to ensure holistic and stress-free learning.

Time allotment for online classes is done scientifically keeping in mind the optimum screen time allowed for various levels of classes. Periodic training conducted for all faculty members makes sure that they keep themselves abreast of all the latest developments in carrying out the online education effectively and fruitfully.

The interest of all the stakeholders is kept in mind while devising plans and strategies for the functioning of the school during the COVID times.

Vaccination drive was organised for the staff of ACHS by the Management to ensure that the staff and students are safe from Corona infection.

Schedule for reopening of the physical classes also will be decided as per the guidelines by the govt.

Praying for the wellbeing and safety of all our parents, students, staff and well-wishers

Sincerely

Teresammal Robi

Principal
